## **WHISKEY FLIGHTS**

*themed tasting samples to compare and contrast  
¾ oz tastes per whiskey*

### **Identity Crisis – Mixed**

**20**

#### **Woodford Bourbon | Bulleit Rye | Macallan 12 yr Year**

*Are you just getting started with whiskey and want to find out your preference: Bourbon, Rye or Scotch? The main difference is the grain used: corn vs. rye vs. barley. This flight will help you establish your whiskey identity.*

**Cheese & Charcuterie Pairing:** Ciccicoli or Cabricharme

### **Burden of Proof – Bourbon**

**16**

#### **Basil Hayden's (80 proof) | Buffalo Trace (90 proof) | Noah's Mill (114 proof)**

*Different techniques of distillation can result in different levels of alcohol content. The 'heat' is greater with the higher alcohol content bourbons, giving them a more robust flavor. Lighter proof bourbons tend to be smoother and more delicate.*

**Cheese & Charcuterie Pairing:** Salami Toscano or Brillat-Savarin

### **Ryes to the Occasion – Rye**

**16**

#### **Templeton Small Batch | Willett Rare Release | High West Double Rye**

*The subtle difference in the taste of Ryes are based on the percentage rye (80%/92%/98% respectively), the location of the distillery and the distillation process (traditional pot distillation vs. modern distillation that is filtered more).*

**Cheese & Charcuterie Pairing:** Rabbit Pate or Ossau-Iraty

### **Age Dilemma – Scotch**

**26**

#### **Ardbeg 10 Yr | Macallan 12 Yr | Oban 14 Yr**

*Aging has a big impact in flavor profile. Younger scotches tend to have more of a strong, firm palate, while older selections get smoother, adding layers of fragrance like cinnamon, clove, and peat.*

**Cheese & Charcuterie Pairing:** Rilletes or Prefere Rublochon

### **Hop Scotch – Single Malt Whiskey**

**32**

#### **Westland American | Hibiki Harmony | Lagavulin 16 Year**

*It's not a real scotch unless it's made in Scotland. Or is it? Well, the Americans and Japanese take exception to that and here's their response. The water in each country ultimately makes the difference in flavor. See for yourself.*

**Cheese & Charcuterie Pairing:** Midnight Moon & Soppresata

## WHISKEY VERTICALS

different expressions from the same master distiller

¾ oz tastes per whiskey

### Whistle Pig – Rye 42

#### 10 Year Straight | 12 Year Old World | 15 Year Straight

One rye is 100 proof and aged in bourbon barrels. Another is 86 proof and aged in 63% mader, 30% sauterne and 7% port barrels. The third rye is 92 proof and aged in new Vermont oak grown on Whistle Pig's property. Can you tell which is which?

### High West – Mixed 16

#### American Prairie | Double Rye | Campfire

One master distiller playing with all 3 grains (corn, rye and barley). One is a bourbon, the other rye and the third, a blend of bourbon, scotch and rye. It takes a distiller from Utah to do something crazy like that.

### Compass Box – Scotch Blend 25

#### Hedonism | Great King Street | The Peat Monster

Compass Box is an American distiller that went over to Scotland using the highest American standards for whiskey making (don't tell that to the Scots). These 3 expressions of scotch range from smooth to smoky/peaty.

### Old Rip Van Winkle – Bourbon 90

#### Old Rip Van Winkle 10yr | Rip Van Winkle 12yr | Pappy Van Winkle 15yr

After the 51% corn, most bourbons are rounded out with a mix of rye and barley. Not these bourbons. They use wheat instead of rye and are known as 'wheated' bourbons. The ages make the difference in taste. Many think the 15 year is the best. Try for yourself and find out who's your Pappy.
