WHISKEY FLIGHTS

themed tasting samples to compare and contrast
¾ oz tastes per whiskey

Identity Crisis – Mixed

20

Woodford Bourbon | Bulleit Rye | Macallan 12 yr Year

Are you just getting started with whiskey and want to find out your preference: Bourbon, Rye or Scotch? The main difference is the grain used: corn vs. rye vs. barley. This flight will help you establish your whiskey identity.

Burden of Proof – Bourbon

18

Basil Hayden's (80 proof) | Buffalo Trace (90 proof) | Noah's Mill (114 proof)

Different techniques of distillation can result in different levels of alcohol content. The 'heat' is greater with the higher alcohol content bourbons, giving them a more robust flavor. Lighter proof bourbons tend to be smoother and more delicate.

Ryes to the Occasion – Rye

18

Templeton Small Batch | Willett Rare Release | High West Double Rye

The subtle difference in the taste of Ryes are based on the percentage rye (80%/92%/98% respectively), the location of the distillery and the distillation process (traditional pot distillation vs. modern distillation that is filtered more).

Age Dilemma – Scotch

26

Ardbeg 10 Yr | Macallan 12 Yr | Oban 14 Yr

Aging has a big impact in flavor profile. Younger scotches tend to have more of a strong, firm palate, while older selections get smoother, adding layers of fragrance like cinnamon, clove, and peat.

Hop Scotch – Single Malt Whiskey

32

St. George "Baller" | Nikka Yoichi | Dalmore 12 Year

It's not a real scotch unless it's made in Scotland. Or is it? Well, the Americans and Japanese take exception to that and here's their response. The water in each country ultimately makes the difference in flavor. See for yourself.

WHISKEY VERTICALS

different expressions from the same master distiller
¼ oz tastes per whiskey

Whistle Pig – Rye

42

10 Year Straight | 12 Year Old World | 15 Year Straight

One rye is 100 proof and aged in bourbon barrels. Another is 86 proof and aged in 63% maderia, 30% sauterne and 7% port barrels. The third rye is 92 proof and aged in new Vermont oak grown on Whistle Pig's property. Can you tell which is which?

High West – Mixed

Out of Stock

American Prairie | Double Rye | Yippee Ki-Yay

One master distiller playing with all 3 grains (corn, rye and barley). One is a bourbon, the other two are rye. It takes a distiller from Utah to do something crazy like that.

Compass Box – Scotch Blend

25

Hedonism | Great King Street | The Peat Monster

Compass Box is an American distiller that went over to Scotland using the highest American standards for whiskey making (don't tell that to the Scots). These 3 expressions of scotch range from smooth to smoky/peaty.

Old Rip Van Winkle – Bourbon

100

Old Rip Van Winkle 10yr | Rip Van Winkle 12yr | Pappy Van Winkle 20yr

After the 51% corn, most bourbons are rounded out with a mix of rye and barley. Not these bourbons. They use wheat instead of rye and are known as 'wheated' bourbons. The ages make the difference in taste. Many think the 15 year is the best. Try for yourself and find out who's your Pappy.

Bourbon Whiskey

At least 51% corn, Aged in new oak barrels
